

Volunteers for Run For Orphans 5K

For the success of our event, we need and greatly appreciate the assistance of volunteers. Volunteers score the race, call times to runners, keep them on the course, man the water stations, and much, much more.

Our volunteers include teachers, engineers, homemakers, lawyers, retired persons, and students. We welcome any commitment of time, though we warn you that volunteering with us can become addictive.

If you would like to join us, consult the Run For Orphans 5K Volunteer Application, check off the duty that you may be interested in (we will do our best to accommodate you), and return a copy to us.

We will call you the week before the event to remind you of the time and place of the race. But remember, you can always join us even if you have not signed up prior to the race.

If you have any additional questions, you can email Race Director Jessica Wilson @ Jessica@drmission.com, or you can reach her at 816-646-7347

Come join us. You'll enjoy yourself, and the race participants will really appreciate your efforts. We can promise you a great experience, many thank-you's from the runners, and a Run For Orphans 5K T-shirt.
